HARDING DIRECTS MINES TO REOPEN

**Wires Governors To Furnish
Protection With State Troops
Says Nothing of Railroads**

(By Associated Press)
Washington, July 18—President Harding will issue communications today to the governors of states outlining the federal policy in the coal and rail strike situations. His message will be directed particularly to the chief executives of the coal producing states, where the government considers complications in both strikes have become most serious. The messages will be sent in the form of simultaneous telegrams directing operators of all bituminous mines shut down by the strike to resume operations immediately and requesting governors of the states of which the mines operate to furnish such military protection as is needed. If state troops find it impossible to cope with the situation, federal troops, it is understood, eventually may be employed. His advice to the operators and governors will point out the imperative necessity for early resumption of the mining industry in the interest of the public and will also briefly urge that orderly procedure be observed in the execution of the plan. What, if any, plans in this connection, are in connection with the railroad strike have not been made public thus far.

Rail Strike Highlights

(By Associated Press)
Chicago, July 18—High lights in the rail strike situation today included submission by the maintenance-of-way union to the Railroad Labor Board of a proposition to reopen the wage hearings under an agreement not to strike if wages are reconsidered. State troops were dispatched today to Macross, Georgia, where labor disturbances are reported. Peace negotiations with the striking shipmen apparently have been suspended, although the union executive council met to discuss further plans.

Strike Breakers Flogged

(By Associated Press)
Fort Worth, Tex., July 18—Employed as non-union men at the local Frisco shops four young men were seized by a band of a hundred men last night at a local dance hall, taken six miles into the country and flogged, according to a report to police today.

Pennsylvania R. R. Makes Agreement With Shoemen

(By Associated Press)
Philadelphia, July 18—The Pennsylvania railroad today announced a wage agreement with 40,000 shoemen who are still employed by that company.

Sinclair Oil Reduced

New York, July 18—The Sinclair Crude Oil Purchasing Company today announced a further reduction of 25 cents a barrel in crude oil in Kansas and Oklahoma territory, making the new price \$1.50 a barrel. These reductions follow reports of price cuts by other companies.

Land Transfers

The following land transfers have been recorded in the county clerk's office: J. A. Mahaffey to F. H. Barnett for the consideration of \$300; L. A. Watkins and wife to L. C. and J. C. Powell, of Berea, for \$3,800, and Alex. Black to George Thompson for \$600.

NOTICE TO USERS OF ROAD TO BERA

On account of construction of new concrete bridge south of Weston on Dixie Highway the road will be closed for about 30 days at this point. The public is advised to use the route via Big Hill and Pike, about 11-12 miles. Traffic from Richmond may also be routed via the pike to Calcast and then by Calcast and White's and Walnut Meadow pike area which is shorter than the highway. It is suggested that G. BAXTER Road Eng.

Boy Who Killed Dog With Rifle Is Fined

Danville, Ky., July 18—Testing the range of his rifle proved expensive sport for Roy Smith of Maple avenue. Charged with breach of the peace, Smith was fined \$10 and costs by County Judge Carlisle Minor. Smith killed a fine bird dog belonging to Garrett Fisher.

GERMAN-AMERICANS FAVOR JIM REED

(By Associated Press)
Chicago, July 18—It was announced today that the third German-American national conference which closed its sessions here last night, adopted resolutions pledging its support to Beveridge, in Indiana, Brockhart in Iowa, Frazier in North Dakota, LaFollette in Wisconsin, France in Maryland and Reed in Missouri for United States Senators. It also demanded revision of the war treaties which it asserts were "enforced" on our late opponents in flagrant violation of the solemn promise of the president of the United States. It demanded withdrawal of troops from Germany, approved inquiry into the alien property custodian's office, endorsed a constitutional amendment requesting a referendum to declare war except in case of actual invasion and demanded immediate return of beer and wine. Heinrich Hine, of Chicago, is president of the organization and George Sylvester Viereck chairman of the resolutions committee.

LOCAL MAN TO JUDGE DOGS AT MERCER FAIR

The Mercer County Fair Association is doing every thing to make the fair this year the best in history. The most competent judges are being sought in all departments. Alex Parrish, of Richmond, has been chosen to judge in the hunting dog show to which the fox hunting governor of Tennessee has been extended an invitation. The Harrodsburg Herald had this to say: Mr. Alexander Parrish, of Richmond, one of the best hunting dog judges in America, will tie the blue ribbons in the famous bench show. His services are always sought at the National Fox Hunters' Meeting whenever they are held. Every department of the fair will be headed by the very best and highest class judges that the Fair Association can possibly secure.

MAY PLACE FLAG AT EVERY MINE

Washington, July 18—Intimation was given in well informed government circles that the administration was preparing to take drastic action within the next 48 hours in the coal strike situation. The President was represented as being of the opinion that inasmuch as the miners' representatives had refused government arbitration and the bituminous operators were undecided on acceptance of such a proposal that the interest of the public demanded immediate reopening of the mines. The President has in mind, it was further reported, to pay if necessary for a short time a royalty on such coal as would be mined to meet the emergency. With this feeling it was said the President was prepared to direct the mine operators to reopen their mines at once under protection of federal troops, and with an American flag planted at the entrance of every mine to be operated. The operators would be expected to comply immediately with such an order.

When the earth gave way under Robert Vandiver and his horse while he was plowing, they sank into a 14 foot hole. The horse died before he could be removed.

Two government officials are investigating an alleged "dope" ring in Evansville. The Horse Cave Ice Co. is using wood instead of coal in operating its plant.

NORMAL REGENTS LOWER SALARIES

**In Making Reappointments To
Staff of School—Transact
Considerable Business**

A large amount of business was transacted by the Board of Regents of Eastern Kentucky State Normal School and Teachers' College which met in regular session here Saturday. All the present employees were re-elected for the next school year, some of them at slightly reduced wages. There are some vacancies in the faculty yet unfilled. Music Professor Barnes has informed the Board that he cannot continue as Professor of Music and there are a few other vacancies to be filled for next school year beginning Sept. 1, 1922.

To the surprise and gratification of the board the attendance of the present summer school is over 20 per cent the largest in its history and most of the students are high school teachers in both city and county and are college and high school graduates. There are now 70 new summer Normal schools in Kentucky and it was expected that the opening of these schools would reduce materially the attendance here, but they seem on the contrary, to have increased our attendance.

Can any stronger evidence be wanted to convince all but the most narrow selfish anti that the people of all Kentucky have finally resolved to be an educated people along practical lines and compete, even in business, with their neighbor states? For many generations the most aggressive and progressive youths of Kentucky have emigrated to other states and aided in building up and adding to the glories of those other states. Men like Justice Sam F. Miller, Gov. David R. Francis, Senator W. J. Stone, among others, would rather have remained in Kentucky if there were a field for their great and wonderful abilities.

One of the board also told a reporter for the Register that every member of the Regents and of the faculty feels very grateful to the good people of Richmond who have furnished rooms to students at reasonable prices and who have aided Eastern in every way. But the board regretted that there are so many in Kentucky who have the antiquated views of the 17th century, to-wit, that education is for the few who are born to rule the many "of whom they are which," and who can not or will not see that "them days are gone forever."

The board told the reporter that it learned with regret that not a single house in Richmond had been built or enlarged to take in students as roomers since the Normal School was located here over 16 years ago and that there are still those who doubt if the Normal School is to remain here forever. In some states like Michigan and Missouri there are normal schools and colleges which have no state dormitories, and the local communities furnish at reasonable prices, sufficient rooms for the thousands of students. This is all simply a business proposition which the people of Richmond and Madison county have failed to see or take advantage of like those of Bowling Green and Warren county and other places, a regent said.

Saturday was the birthday of Judge J. W. Cammack, as he was born at Lafayette, Indiana, on July 15, 1869. His fellow Regents congratulated him on reaching the 53rd milestone in life's journey in such splendid mental and physical health and vigor, with such good and useful life of results for his fellowmen, so brilliantly illustrated, not only in his private life, but also his record as state senator and two terms as circuit judge of his district, and also his more than 16 years of service as Regent of Eastern Kentucky State Normal School and Teachers' College. Judge Cammack is a man of whom Kentucky is justly proud. A Regent stated that both the present and former regents are proud of the successful record of Eastern in every department and while the record is in part

Firemen Are Missing

(By Associated Press)
New York, July 18—Two are dead and 30 injured with several persons missing as a result of a warehouse fire in the heart of Greenwich Village today. Five hours after the blaze began officials said a number of firemen, estimated at from six to fifteen, are missing after a roof caved in.

TWO NEW MEMBERS ADDED TO ROTARY

The Richmond Rotary Club is adding to its membership strength at almost every meeting now. Two new members were formally enrolled at the regular meeting at the Hotel Glynndon Tuesday. They were Robert R. Burnam, Sr., classification of insurance, and Henry del. Forbes, civil engineer. These and other new members will be formally inducted and charged at next week's meeting. A committee left for Boonesboro Tuesday afternoon to meet committees from Lexington and Winchester clubs to plan for the picnic proposed to be held by the three clubs jointly.

President T. J. Coates of Eastern Normal, told of his visit to the Boston Rotary Club while attending the National Educational Association there a few days ago. He gave a vivid description of the great convention and its far-reaching work.

J. Hale Dean was elected editor of a Weekly Bulletin which will be issued to members of the local Rotary Club.

BULLOCK TRIAL SET FOR JULY 27

The examining trial of Irvine Bullock, charged with making away with examination questions and disposing of them, and who gave himself up to Rockcastle officials Thursday, will not be heard until July 27, instead of July 20, as announced Monday.

The case of Maggie Bush, colored, against Irvine Payne, colored, charging him with wilfully killing her dog, was dismissed.

In the case of the Commonwealth against Melvin Hill, colored, on a charge of house-breaking, trial was waived and he was held to the grand jury on the second day of the October term of court under \$300 bond.

The case against Enos Parker on a charge of breach of peace, was continued until July 21.

The case of the Commonwealth against John Vaughn, on a charge of desertion of his infant children, was continued until July 20.

The charge against James Perry for knowingly having stolen property in his possession, was dismissed.

Aged Man Dies in Clay County

William York, 96 years of age, known thruout the mountain section as "Billie" York, died at his home at Malcolm last week. Mr. York was the oldest man in Clay county and had lived at Malcolm for 30 years. He came from Leslie county. Mr. Leslie was the father-in-law of Mr. H. Muncy, of Stephen & Muncy Lumber Co. He is survived by a wife who is 86 years of age, and 10 children, besides a host of friends and relatives thruout the mountain section of Eastern Kentucky. Eight of Mr. York's ten living children were present at the time of his death.

Mrs. Robert Depp, 22, of New Orleans, told the police of being kidnapped for a night and day.

Mrs. Lois Reach may act as sheriff of Graves county until the election in 1923, according to the ruling of the Court of Appeals. Her husband was slain in March. A mule, saddle and bridle will go on trial in Lexington for transporting whisky.

Bathing Suits for the Kiddies
at special prices—50c, 75c and 98c. E. V. Elder's t-t

due to the unselfish labors of Regents and presidents alike, he said it was also clearly due to the blessings of God whom all of them devoutly adored and gratefully thanked for His aid.

TOBACCO ESTIMATE 45 PER CENT INCREASE

**Greatly Augmented Acreage Is
Shown By Monthly Crop
Report Just Out**

Estimates placing Kentucky's 1922 total acreage of tobacco of all types at approximately 558,000 acres compared to 385,000 acres last year (or 45 per cent increase) and the Kentucky wheat crop at 7,550,000 bushels, compared to a prospect June 1 for 8,644,000 bushels and 6,340,000 bushels produced last year, are the features of the July crop report for Kentucky, issued today by the United States Department of Agriculture in co-operation with State Commissioner of Agriculture W. C. Hanna. This is a decrease of 1,091,000 bushels from the June 1 prospects for the Kentucky wheat crop, due chiefly to poor filling of heads, even tho the acreage was 2 1-2 per cent more than in 1920. This month's estimate of the acreage and condition of corn in Kentucky indicates a crop of about 94,378,000 bushels compared to 82,150,000 bushels produced last year.

A full normal production of tobacco this fall from the 558,000 acres which farmers' reports indicate has been set, would produce about 520,502,000 pounds, as compared to 325,710,000 pounds from the reduced acreage last year and an average production of 445,022,000 pounds for the last five years. These tobacco and corn estimates are the first of this season and such estimates will be subject to revision either downward or upward as the season progresses, depending on favorable or unfavorable weather or other conditions hereafter.

Oats are estimated at only 5,420,000 bushels compared to 5,567,000 bushels last year. Oats in many parts of the state were severely damaged by rust and some were so short they had to be mowed, or pastured. Rye for grain is estimated at 214,000 bushels compared to 180,000 last year; barley 162,000 bushels as compared to 114,000 bushels last year; Irish potatoes 4,693,000 bushels compared to 3,770,000 bushels last year; sweet potatoes 1,798,000 bushels compared to 1,872,000 bushels last year. All of these 1922 estimates are subject to revision either downward or upward as the season progresses.

Hay has been a good crop in most counties, tho short in some places due to local drouths, and much clover mowed heavily before being cut. Fruit is very irregular but generally a good crop. Apples are about 75 per cent of a normal crop, peaches 80 per cent; grapes 76 and pears 60. Acreage of sorghum for sirup is about 5 per cent less than last year. The blue grass seed crop was very large in both Kentucky and the Missouri districts and is reported of fine quality. Kentucky production is estimated at 700,000 bushels and the Missouri district possibly as much as 400,000 bushels, rough cured seed. On the other hand there has been an exceedingly small carry-over of blue grass seed, probably the smallest carry-over since 1911.

Attention Royal Arch Masons

The members of Richmond Royal Arch Chapter will hold their annual Fish Fry at Boonesboro on July 20, 1922.

Each member is entitled to be accompanied by a lady, the committee on arrangements requests the ladies who expect to attend the Fish Fry to meet in the club rooms in Masonic Temple at 5 p. m. There will be ample accommodation for all to get there, sufficient cars having been arranged for.

There will be work in the Mark Master, Passed Master, Most Excellent Master and Royal Arch Degrees in afternoon, work to begin at 2 o'clock promptly. All Royal Arch Masons are requested to be present at 2 p. m. and assist the High Priest and Companions to do the work as promptly as possible, so we can get through in time to have supper at Boonesboro by 6:30 p. m. Do not forget the date, July 20th, 1922.

N. HARBER, High Priest
J. G. BOSLEY, Sec.

The Weather

General fair tonight and Wednesday, preceded by local thunder showers this afternoon or tonight in east portion; slightly cooler tonight in west portion.

Tuesday's Livestock Markets

Cincinnati, July 18—Hogs 3-000, heavies \$10.75; packers \$11; mediums and lights \$11.25; pigs \$10.50; sows \$8.50; stags \$5.50; cattle 700, slow; calves \$6 to \$10; sheep \$3 to \$7; lambs \$5 to \$9 to \$14; Chicago 22,000 \$11.05; 12,000 cattle.

Louisville, July 18—Cattle 600, slow and unchanged; hogs 600, 10c higher, tops \$10.95; sheep 2,200, lower, \$6 down; lambs \$13.25.

PREMIER LENINE REPORTED SLAIN

(By Associated Press)
London, July 18—Exchange Telegraph dispatches from Stockholm today quotes the Riga correspondent as saying he is reliably informed Premier Lenine of Soviet Russia has been murdered. He says he believed the Soviet Premier was poisoned on a train while journeying to a Caucasian bathing resort. The murder is attributed to radical Communists now in power in Moscow.

STANLEY SCORES REPUBLICAN TACTICS

Washington, July 18—With biting sarcasm and keen ridicule, Senator A. O. Stanley, democrat of Kentucky, today called attention to the interest being taken by republican Senators in the campaign for the democratic nomination for Senator in Missouri. He extolled Senator Reed's power as an orator, his ability as a Senator and his value to his people, and added that the "Senate knows and the country knows that since the days of Benton and Vest there has appeared no more towering figure than that of Jas. Reem of Missouri."

Senator Stanley spoke of his love for any member of the Breckinridge family, of which is Breckinridge Long, candidate in opposition to Senator Reed, is a member, and added:

"The greatest soldier that Kentucky ever sent to glory or to death, an Adonis in love, a Solon in council, a Mars in war, was John C. Breckinridge, Senator from Kentucky and vice president of the United States. His name is enshrined in the heart of every Kentuckian. The most versatile statesman Kentucky ever produced, he who adorned the world of letters, of art, of law, and of statesmanship, was William Cabell Breckinridge, the silver-tongued orator of Kentucky, the worthy successor of Henry Clay. The name of Breckinridge is one to charm in Kentucky. The name is interwoven in the social and religious and martial life of the commonwealth. No part it has not touched, and touching it, it has not adorned."

Senator Stanley was vitriolic in his castigation of republican senators who "spend their time trying to influence a primary election in a party of which they are not members." Senator Selden P. Spencer, republican of Missouri, stated that he had written to each republican county chairman in Missouri to ask what Reed's chances are, and Stanley called his "confession" even worse than he suspected. Republicans made no attempt to reply to his speech.

Special prices on all Bathing Suits at Elder's.

Not A Single Vote

Against School Tax
Maysville, Ky., July 18—The special school tax election held in Lewisburg school district was the most sweeping victory for education ever registered in this county. It was the first time in history that not a single vote was cast against a special school tax.

Mrs. Media Lewis, of Harrodsburg, has offered \$500 reward for the arrest and conviction of the person who frightened her with threats in an anonymous letter.

REVIVAL CLOSURE WITH 21 ADDITIONS

**Calvary Church, Seven Years Old
Gives 3 Ministers and 2
Missionaries To Field**

The revival meeting held at Calvary Baptist church by Evangelist J. B. DeGarmo, closed Sunday night. It was regarded the greatest revival meeting in the history of this church, not in point of numbers, but in spiritual power. It was really unique in its results. In this meeting there were three men who surrendered to the call to preach the gospel and two fine young women surrendered to the call of God to the mission field, making a total of five special workers in one revival. The three who are to preach are D. C. Sparks, William Royce and his son, Eloise Royce. The two missionaries Misses Ina and Grace Hendricks. These two girls are very sincere, earnest and wholly consecrated to religious work. They are bright and efficient in school and as they are young they have ample time to complete a classic and theological education. Their educational aptitude and their attractive personalities make possible a very bright future in this great work. Eloise Royce is a very bright student and can complete a college and seminary course which will fit him for great service in the ministry. Mr. Sparks and Mr. Royce are men of deep and sincere consecration, strong personality and sterling character. As they have families they will not be able to complete college and seminary courses, but will be able to prepare sufficiently to do a great work in the ministry for it is "not by might, nor by power, but by my spirit, saith the Lord of hosts."—Zech. 4:6.

It is very unusual for a church only seven years old to produce three preachers and two missionaries. Calvary church has had a hard struggle with many difficult problems to solve. But its members have borne their burdens very faithfully and bravely. The God of heaven is now honoring this church.

The baptismal service was held at the First Baptist church Monday evening. Those baptized were J. R. Shaw, Smith Brownfield, Strode Emmons, J. W. Jackson, Clyde Parks, Mrs. Mary Grimes, Mrs. Laura Keaton, Mrs. Mollie Hardin, Misses Eva Hutton, Nora Hutton, Mary Cotton and Mrs. Mary Mulfinger and Miss Ruth Denny will be baptized later. There were eight received by relation, making a total of 21.

Rev. DeGarmo and daughter, Helen, left this city Monday for Walton where they will hold a two weeks' revival after which they go to their home in Memphis, Tenn. Dr. D. H. Willett is the pastor of the Walton Baptist church. He is a close friend of Rev. L. A. Byrd, of the Calvary church and has many personal friends in this community. His first pastorate was Red House Baptist church. His many friends will be glad to know he has received his doctor's degree from the Southern Baptist Theological Seminary of Louisville.
